

Math Boost

At Holsworthy High School, we understand that some students struggle to understand all course content during their regular Mathematics lessons, particularly with the more abstract and theoretical concepts in our subject. To support our students to 'be the best they can be', we offer homework/tutorial sessions.

Details:

- The support is provided by our Mathematics faculty staff, at no cost to students at HHS.
- Sessions will run for approximately 1 hour between 3.00pm and 4.00pm on Wednesday afternoons in the Mathematics Block and will be staffed by at least two Mathematics teachers.
- It is expected that **students will come prepared** with questions and/or concepts they are having difficulty with.

If you feel that your child would benefit from this initiative, please fill in the permission form below and send it back with your child to their class teacher.

S.Wiles

(Head Teacher Mathematics)

I give my son/daughter _____ permission to attend Math Boost on Wednesday afternoon between 3.00pm and 4.00pm in 2024.

Signed: _____
