PRINCIPAL'S MESSAGE

Welcome to Senior Schooling.

The transition from Year 10 to senior schooling marks a significant milestone in any student's career. Years 11 and 12 present an opportunity to not only study subjects in more detail, but to choose those that will prepare you for your careers.

Senior students enjoy a more flexible approach to the timetabling of their lessons. The school encourages the students to take advantage of the Learning Centre and the library facilities during their study periods. The best results will come from a consistent approach to the work over a long period of time.

Perhaps the most significant lesson a senior student will learn is that everyone, in the final analysis, is responsible for his or her own results. The school, the staff and parents are always available to assist any student but it's up to you. Be prepared for an exciting and challenging time ahead.

Mr. Watkins

Principal.

MESSAGE FROM YOUR YEAR ADVISERS

The Higher School Certificate offers you the opportunity to develop skills in specialised areas and to build on the knowledge you have gained in junior years. The HSC will prepare you for employment, a TAFE course, an apprenticeship or a University course. It is very important that you should choose courses that you are good at, interested in and may use in the future. Your aim is to attain the best HSC result you can and selecting subjects that best suit your abilities and interests is how you can achieve this.

All HSC subjects are hard work, all subjects have assessment tasks, some subjects will have a major project or mandatory Work Placement. It is important that you consider all aspects of your subject choices to ensure that you're selecting subjects that you are prepared to put hours of dedication and time into. Even though Year 11 and 12 are hard work, it is rewarding to receive your HSC.

It is important to discuss your subject choices with your teachers, who are experts in their field of study. For information about E-VET courses, TAFE or University courses speak with **Ms. Brown or Mr. Grew**. For queries about the online subject selections see **Mr. Ponton**.

Ms. Booker and Mr. Spyroulias Year Advisers

INFORMATION ABOUT THE HSC 2019-2020

The Higher School Certificate recognises 13 years of schooling. In the interests of greater career choices and increased opportunities at university and TAFE, it offers you a full range of study areas matching individual abilities, interests and goals.

The Structure of the HSC.

There are different types of courses you can select in Years 11 and 12.

English is compulsory in both Year 11 and Year 12.

Students must accumulate at least 22 units:

- 12 Preliminary units (usually 6 subjects)
- 10 HSC units (usually 5 subjects)

Courses must cover a minimum of 4 subjects.

You cannot select more than 3 Science subjects in Year 11.

A maximum of one 2 Unit VET Course (Board Developed only) can be counted for ATAR and there are some limits involving Mathematics Standard 1 and English Studies with VET. Content Endorsed Courses (CEC) like SLR can count towards a HSC but not towards an ATAR.

What are Units?

- All courses for the Higher School Certificate have a unit value.
- Nearly all courses are 2 Units.
- Each unit involves class time of approximately 60 hours per year.
- A 2 unit course takes 120 hours to complete.
- In the HSC each unit has a value of 50 marks, so 2 units = 100 marks.
- English and Mathematics offer an extension unit in addition to the 2 unit course.

What is ATAR?

ATAR is the "Australian Tertiary Admission Rank".

ATAR is used by universities for determine who gets entry to various courses.

The Universities Admissions Centre (UAC) uses your HSC results to determine your ATAR. There is variation in the scaling that different subjects receive in determining your ATAR. This is determined by the results each year so previous years scaling may not be accurate. The advice of Holsworthy High School remains that students select subjects they like and are interested in.

Mr Roebuck and Mr Grew can provide you with more information if you require it.

What type of courses can I select?

Board Developed Courses (BDCs)

Most courses are BDC's. These courses are developed by NESA. For each course the following information is available:

- the course objectives, structure, content and outcomes
- specific course outcomes
- · assessment requirements
- sample examination papers and marking guidelines
- the performance scale (except for Vocational Education and Training courses)

All students entered for the HSC who are studying BDCs follow these syllabuses.

These courses are <u>examined externally</u> at the end of the HSC course and can count towards the calculation of ATAR.

Vocational Education and Training (VET) Courses

VET courses are offered as part of the Higher School Certificate. They enable students to study courses which are relevant to industry needs and have clear links to post-school destinations.

These courses allow students to gain both the Higher School Certificate qualifications and accreditation within the industry and the workplace as part of the Australian Qualifications Framework (AQF). The national framework is recognised across Australia and helps students to move easily between the various education and training sectors and employment.

These courses each have a specific workplace component and a **minimum number of hours students spend in the workplace.** To use VET courses towards an ATAR you must sit the final HSC exam for that subject. Students receive a certificate showing the competencies gained.

Content Endorsed Courses (CECs)

CEC's have syllabuses endorsed by the NESA to cater for areas of special interest not covered in BDC's.

There are four Content Endorsed Courses offered at Holsworthy:

- Exploring Early Childhood
- Sport, Lifestyle and Recreation
- Digital Photography
- Work Studies

There are **no external examinations** for Content Endorsed Courses. Assessment is wholly school-based.

CEC's count towards the HSC and appear on the student's "Record of School Achievement", but do not count towards an ATAR.

Completion of a course

Satisfactory completion of a course.

To satisfy the requirements and pass the preliminary year, you must satisfactorily complete a minimum of 12 units. Satisfactory completion of a course means:

- You have met all or some of the course outcomes and you have made a genuine attempt at all assessment tasks.
- You have participated in experiences which are required by the syllabus, e.g. assignments, tests and examinations, major works and practical projects,
- You have prepared yourself sufficiently to enable you to make a serious attempt at the
 external HSC examination.

If your School Principal does not certify the satisfactory completion of a preliminary course, you cannot progress into the HSC part of that course. Students can be given provisional entry into the HSC course - provisional on their completion of Preliminary Assessment tasks inside a designated time frame.

If you receive results in less than 12 preliminary units following such a decision, you may proceed to the HSC course in the subjects in which you are satisfactory but you will need to repeat courses in which you are unsatisfactory (or do an alternate Preliminary course). This means you will not be eligible for the HSC in 2020 and will require a further year of study either at school or at TAFE.

Satisfactory attendance and application

Your overall attendance and application must be satisfactory to receive a Higher School Certificate and a Record of School Achievement.

You will be given written warning in sufficient time to allow you to correct any problems regarding your attendance, application, or course completion.

If you are deemed unsatisfactory you have the right to appeal to the NESA against your Principal's decision. Your Principal must advise you of this right and explain the appeal mechanism in such a case.

** Uniform Dependent subjects:

The subjects marked with an ** on page 2 have specific uniform requirements that relate to Workplace Health and Safety. Students <u>must</u> meet the uniform requirements to enter some classes for these subjects. Failure to meet the requirements can lead to 'N' Warnings and 'N' Determinations and may limit or prevent HSC accreditation. Please check:

http://www.holsworthy-h.schools.nsw.edu.au/our-school/rules-policies/uniform-policy

Selection of Subjects

We recommend you use the following strategies when making your choice of subjects:

- Select subjects which are **necessary** (ie: pre-requisite, assumed knowledge, recommended) for your chosen career / tertiary course, provided:
 - a) you are reasonably sure about what you wish to do
 - b) you have the ability to obtain a satisfactory result in this subject.
- Select subjects you are **interested in**. If you are interested in a given subject there is some probability that you will be interested in a career / tertiary course related to this subject, even if you don't know it yet.
- Select subjects which you are good at. There is no point doing a subject at which you are
 poor simply because it is a pre-requisite. If you can't cope at school you are unlikely to be
 able to cope with a similar course at a tertiary level. It may be wise for you to re-think your
 career goals.
- If possible, always try to select subjects which will keep your options open, particularly if you
 are unsure about your future career/course direction. Draw up your plan for your pattern of
 study for both the Preliminary and HSC years to ensure that you'll be eligible for an HSC.

Do not select courses based on what friend's choose!

Pathways

It may be possible for students to accumulate their HSC over a period of no more than five (5) years. Anyone interested in this idea MUST seek advice first from your Year Coordinator, Deputy Principal or the Careers Adviser.

Who can help you?

Year Advisers - Ms. Booker and Mr. Spyroulias

NESA Coordinator - Mr. Slater

Careers Adviser - Ms. Brown

VET Coordinator—Ms Harvey

Deputy Principals — Ms. Davis and Mr. Grew

ATAR Eligibilty and UAC Matters — Mr. Roebuck

Why subject choice is important.

OPTION 1

IF YOU WISH TO UNDERTAKE TERTIARY STUDY (Some TAFE, or UNIVERSITY)

- The ATAR is based on your best **10 Units of Board Developed Courses** in Year 12.
- Some tertiary courses require you to have studied certain HSC subjects. These are called prerequisite subjects.
- Particular school subjects are often listed as assumed knowledge. This means that the
 institution will proceed with courses on the assumption that you have studied this HSC
 subject, although it does not require it. You will find tertiary courses very difficult if you
 have not studied the assumed knowledge.
- Other subjects (while not being prerequisites or assumed knowledge) may be recommended as good preparation for a course of study.
- One of your aims will therefore be to maximise your marks and your choice of subjects may play a part in this strategy.
- Some subjects, (for example Business Studies, Food Technology, Mathematics, English, and VET Courses) can be used to gain credit or advanced standing in certain TAFE Courses. Carefully investigate this aspect with the Careers Adviser.

OPTION 2

IF YOU WISH TO ENTER THE WORKFORCE AFTER LEAVING SCHOOL

- The subjects you choose may affect the career direction you are able to take.
- The subjects studied may influence an employer in the selection of applicants for a job vacancy.

What research will you need to do?

OPTION 1

FOR STUDENTS WHO WANT TO STUDY AT UNIVERSITY OR TAFE

Find out where you can do the tertiary courses in which you are interested, and any prerequisites and assumed knowledge that you need, as well as the ATAR needed.

To do this you can use:

- UAC Students Year 10 Information Guide (Ms. Brown)
- Tertiary Institution handbook or website
- TAFE handbook or website
- Previous year's ATAR 'Cut Offs' on the UAC website (these vary from year to year)
- Resources of the Careers Adviser
- Subject teachers.
- Your Careers Adviser, Year Adviser and parents.

OPTION 2

FOR STUDENTS WHO INTEND GOING TO WORK AFTER SCHOOL

Find out which subjects are relevant to the career(s) you are considering Investigate the employment opportunities in this job.

In deciding whether to go to work after school, or to study further, you can:

- · Refer to the "Job Guide".
- Research labour market information or Careers Reference Centres
- Talk to employers or employer organisations.
- Discuss subject content and how hard the course is with subject teachers.
- Talk to your Careers Adviser, Year Adviser and Parents.

IN SUMMARY

You want an ATAR

University or TAFE Diploma

English – (2 Units) Advanced, Standard or Studies course

PLUS

4 Board Developed Courses which may include a VET Course (8 Units)

PLUS

Another course (2 Units)

Total: 12 Units

You don't want an ATAR

TAFE or Workforce

English – (2 Units) Advanced, Standard or Studies course

PLUS

2 Board Developed Courses (4 Units)

PLUS

Another 3 courses (6 Units)

Total: 12 Units

Students usually drop one course (not English) for the HSC year.

Biology					
2 units for both the	Faculty	Science	Work Placement	No	
Preliminary and HSC year.	ATAR	Yes	Hours	240	
Trommary and 1100 year.	Fees	Nil	Exclusions		

The study of Biology in Stage 6 enables students to develop an appreciation and understanding of biological concepts that are used to explore the diversity of life, from a molecular to a biological systems level, and the interactions between living things and the environments in which they live.

Through applying Working Scientifically skills processes and the use of biological technologies, the course aims to examine how biological practices are developed and used.

YEAR 11 HAS 4 MODULES;

- · Cells as the basis of life
- Organisation of Living Things
- Biological diversity
- Ecosystem Dynamics

HSC HAS 4 MODULES

- Heredity
- Genetic Change
- Infectious Disease
- Non-infectious Disease and Disorders

Both years must include a depth study in one module

COURSE REQUIREMENTS:

Both Year 11 and Year 12 follow the same assessment pattern of just 3 tasks.

A Yearly Exam worth 30%.

A Practical Task adds another 30% and a Depth Study the remaining 40%.

CAREER OPPORTUNITIES:

Medical Science, National Parks Ranger, Food Technologist, Nurse, Marine Biologist, Ambulance, Speech Pathologist, Physiotherapist, Optometrist, Lands & Forestry, Landscape Gardener, Laboratory Technician, Medicine, Dentistry.

Business Studies 2 units for both the Preliminary and HSC year. Faculty HSIE Work Placement No ATAR Yes Hours 240 Fees Nil Exclusions Nil

COURSE DESCRIPTION:

Business Activity is a feature of everyone's life.

Business Studies makes a significant contribution to the ability to participate effectively in the business environment.

In this course, students are exposed to a number of business case studies which allow students to apply theoretical concepts in a very relevant framework.

Students completing this course will develop general and specific research, analysis, problem solving, decision making, critical thinking and communicating skills. These skills will enhance a student's ability to participate effectively in the business world as informed citizens.

Post School Opportunities:

Business Studies gives a valuable foundation for many courses at University and other Tertiary Institutions.

The HSC Business Studies Course is recognised by industry and training organisations where students receive credit for topics completed.

TAFE offer credit transfer to Courses for HSC Business Studies students check at www.tafensw.ed.au/mchoice.

Recognition by other Registered Training Organisations (RTO).

COURSE CONTENT:

Preliminary Course

Nature of Business – 20% Business Management – 20% Business Planning – 40%

In the Preliminary course students will complete a **Business Plan** which involves investigating the operation of a small business.

HSC Course

Operations – 25%

Marketing – 25%

Finance – 25%

Human Resources – 25%

In Year 12 students will complete a **Marketing Plan** focusing on the various elements of marketing in an organization.

Excursions

Students will get the opportunity to get out of the classroom and visit 'business' such as the 'Sydney Tower Restaurant' and the 'IMAX Theatre' etc to get a unique experience. This will provide the students with a unique opportunity to have hands-on experience.

Career Opportunities:

Accounting, Economics and Management, Banking, Finance, Manufacturing and Commerce.

Chemistry					
	Faculty	Science	Work Placement	No	
2 units for both the Preliminary and HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions		

The study of Chemistry in Stage 6 enables students to develop an appreciation and understanding of materials and their properties, structures, interactions and related applications. Through applying Working Scientifically skills processes, the course aims to examine how chemical theories, models and practices are used and developed.

Year 11 has 4 modules

- Properties and Stucture of Matter
- Introduction to Quantitative Chemistry
- Reactive Chemistry
- Drivers of Reactions

HSC has 4 modules

- Equilibrium and Acid Reactions
- Acid/base Reactions
- Organic Chemistry
- Applying Chemical Ideas

COURSE REQUIREMENTS:

Both Year 11 and Year 12 follow the same assessment pattern of just 3 tasks. A Yearly Exam worth 30%.

A practical task adds another 30% and a Depth Study the remaining 40%.

Career Opportunities:

Agriculture, Engineering, Medical Science, Nursing, Pharmacy, Teaching, Biochemistry, Dentistry, Genetics, Landscape design, Pathology, Radiology, Wine making, Forensic Investigation.

Community and Family Studies 2 units for both the Preliminary and HSC year. Faculty PDHPE Work Placement No ATAR Yes Hours 240 Fees \$50 Exclusions Nil

COURSE DESCRIPTION:

Community and Family studies is designed to develop in each student an understanding of the diverse nature and interdependence of families and communities in relation to the changing nature of Australian society with a view to enabling students to plan and manage resources effectively.

Main Topics Covered:

Preliminary Course

- Resource Management
- Individual and Groups
- Families and Communities

HSC Course

- Resource Methodology
- Groups in Context
- Parenting and Caring

Students will take home the 'real-care' baby for simulated parenting experience.

HSC Option Modules: (one to be studied)

- Individuals and Work
- Social Impact of Technology
- Family and Societal Interactions

COURSE REQUIREMENTS:

As part of the HSC, students are required to complete an **Independent Research Project** (IRP) to be related to the course content. This contributes 20% to the final HSC mark in this subject.

Career Opportunities:

This provides students with the foundation for a range of courses at universities and other Tertiary institutions, including Teaching, Childcare, Industry Research and Marketing, Nursing, Psychology, Counselling and Welfare. There are opportunities to gain recognition in Vocational Education & Training at the tertiary level.

Dance					
2 units for both the Preliminary and	Faculty	PDHPE	Work Placement	No	
HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions	No	

This subject is offered to all students irrespective of their previous interest or studies in Dance. Students are able to study dance as a unique art form in which the body is an instrument for non verbal communication and expression. Students are encouraged to create and develop a personal response that communicates intent. This course equips students with life skills while providing continuity with many tertiary and industry courses. The course is designed for students to experience, understand and value dance as an art form through the study of performance, composition and appreciation of dance. It promotes individual creativity and learning within their own bodies limitations. It provides a means of expression and extension of work and lifestyle patterns. Previous dance is experience is beneficial but not a prerequisite.

NESA describes the Stage 6 Dance course as:

"... dance both as an art form in its own right and as an exciting medium for learning that fosters students' intellectual, social and moral development. The art form of dance has a theoretical base that challenges the mind and the emotions, and its study contributes to the students' artistic, aesthetic and cultural education. The study of dance as an art form acknowledges the interrelationship between the practical and theoretical aspects of dance-the making and performing of the movement and the appreciation of its meaning".

COURSE CONTENT			
Preliminary:		HSC:	
Core Performance	20%	Core Performance	20%
Core Composition	20%	Core Composition	20%
Core Appreciation	20%	Core Appreciation	20%
Elective Core	40%	Major Study	40%

Career Opportunities:

Professional opportunities in dance, performing arts, entertainment, education and leisure industries.

Digital Imagery (NON ATAR) 2 units for both the Preliminary and HSC year. Faculty Art ATAR No Hours 240 Fees \$60

COURSE DESCRIPTION:

This course provides students with the opportunity to investigate the techniques involved in creating digital images for artistic expression.

Equipment:

Students are required to supply their own camera and USB to store their images. Students will print their images for their folios at school. Therefore, a fee is charged for paper, printing and mounting of photos for display.

COURSE CONTENT:

Component	Weighting
Making	70%
Critical and historical studies	30%

The focus of all tasks will be to attain a knowledge and expertise of techniques in digital photography and an understanding of the power of digital images to communicate to an audience.

Students will undertake a series of modules learning how to take photographs and digitally producing and manipulating them to achieve the specific task outlines.

Contemporary photography studies will be investigated to assist and support the individual's development in the field of photography.

A diary documenting the content and participation in the course will be maintained and used as a means of assessment.

Modules include:

- Introduction to Practice
- Developing a point of View
- Traditions, Conventions, Styles and Genres
- Manipulated forms
- The Arranged Image
- Temporal Accounts
- Individual/Collaborative project
- Occupational Health and Safety

Career Opportunities:

Photography, Graphic arts, Communications, Publishing, Photo Journalism.

Drama				
2 units for both the Preliminary and HSC year.	Faculty	English	Work Placement	No
	ATAR	Yes	Hours	240
	Fees	\$15	Exclusions	Nil

Here are some comments from previous Drama students when asked the question:

What do you think about senior Drama?

- "Fun ... but very hard work". "It's given me great self confidence".
- "Drama has allowed me to express myself through acting". "Challenging but enjoyable".
- "It has given me skills that I will use for years" ."Certainly my favourite subject".
- "Drama has taught me to feel comfortable in front of audiences".
- "The theory side of things helps you to understand the practical".

So what does Drama in the senior school involve?

Drama is an art form that explores the world through enactment. It is designed for students to experience, understand, enjoy and value drama as a social, collaborative and creative art form and as an expression of culture through performing and critically studying drama and theatre.

Drama involves the study of plays, performances and scripts. It consists of practical and theory work including improvisation, play building, mime and elements of production. Creative pieces include solo and group performances along with appreciation of live theatre. Students write scripts and develop self confidence and self expression.

The study of Drama develops students physically, emotionally, intellectually, socially, creatively and expressively as well as developing one's self confidence and self esteem. Students have opportunities to showcase student work at Formal School Assemblies and MADD night.

Students devise their own performances, work on plays scripts, participate in creative pieces, study the history of theatre and the tradition of performance across various cultures and centuries. Eventually, students devise and participate in a major individual and group project. These projects are marked by external examiners for the HSC. Drama contains written work but with movement as well.

COURSE CONTENT:

Preliminary Course

Improvisation, Play-building, Acting
Elements of Production in Performance
Theatrical Traditions and Performance Styles

HSC Course:

Australian Drama and Theatre (Core content)

Studies in Drama and Theatre
Group Performance (Core content)

Individual Project

Career Opportunities:

Drama allows you to develop the self confidence and self expression needed for all careers. It can also lead you into specialised careers such as; Actor, Animator, Announcer, Camera Operator, Film and Television Editor, Film and Television Lighting Operator, Film, Stage and Television Director, Make-up artist, Set Designer, Sound Technician, Stage manager, Teacher.

English Advanced 2 units for both the Preliminary and HSC year. Faculty English Work Placement No ATAR Yes Hours 240 Fees Nil Exclusions Nil

COURSE CONTENT:

In the English Advanced course, students explore opportunities that are offered by challenging texts to investigate complex and evocative ideas, to evaluate, emulate and employ powerful, creative and sophisticated ways to use language to make meaning, and to find enjoyment in literature.

The English Advanced course is designed for students who have a particular interest and ability in the subject and who desire to engage with challenging learning experiences that will enrich their personal, intellectual, academic, social and vocational lives. Students appreciate, analyse and respond imaginatively and critically to literary texts drawn from a range of personal, social, historical and cultural contexts, including literature from the past and present and from Australian and other cultures. They study challenging written, spoken, visual, multimodal and digital texts that represent and reflect a changing global world.

The modules encourage students to question, reconsider and refine meaning through language, and to reflect on their own processes of responding, composing and learning. If you choose the Advanced Course you may consider the Extension Course (see separate details). **Prerequisites**: Only one class is available in this course next year and it is imperative that a student considering studying Advanced English do so after consultation and recommendation from their class room teacher and Head teacher.

Preliminary English (Advanced)

Across Stage 6 the selection of texts must give students experience of the following:

- a range of types of texts inclusive of prose fiction, drama, poetry, nonfiction, film, media and digital texts.
- texts which are widely regarded as quality literature, including a range of literary texts written about intercultural experiences and the peoples and cultures of Asia.
- a range of Australian texts, including texts by Aboriginal and/or Torres Strait Islander authors and those that give insights into diverse experiences of Aboriginal and / or Torres Strait Islander peoples.
- texts with a wide range of cultural, social and gender perspectives, integrated modes of reading, writing, listening, speaking, viewing and representing.

HSC English (Standard)

Shakespearean drama, prose fiction, poetry OR drama. The remaining text may be film, media or nonfiction text **or** may be selected from one of the categories above.

The selection of texts for Module C: The Craft of Writing may be drawn from any types of texts and do not contribute to the pattern of prescribed texts for the course requirements. Students must study ONE related text in the common module: Texts and Human Experiences.

Career Opportunities:

Advertising Specialist, Archivist; Copywriter, Desktop Publisher, Editor, Editor, Journalist, Librarian, Library Technician, Publisher, Teacher, TAFE Lecturer, University Lecturer, Writer.

English Extension Extension Course English Work Placement No **Faculty** 1 Unit Preliminary and HSC with possible additional 1 Unit HSC **ATAR** Yes Hours 60 **Extension 2 Course** Nil **Exclusions** Standard English **Fees**

Prerequisites:

Places in this course are limited and students may need to be interviewed by the Head Teacher for academic eligibility into the course.

- (a) English Advanced Course
- (b) Preliminary English Extension Course is a prerequisite for HSC Extension Course 1 and Extension 2.

COURSE DESCRIPTION:

The English Extension 1 course provides students who undertake Advanced English with the opportunity to extend their use of language and self-expression in creative and critical ways. Through engaging with increasingly complex concepts through a broad range of literature, from a range of contexts, they refine their understanding and appreciation of the cultural roles and the significance of texts

Students have the opportunity to pursue areas of interest with increased independence and to theorise about the processes of responding to and composing texts. Throughout the course students explore and evaluate multiple meanings and relative values of texts. They engage with complex texts that intellectually challenge them to think creatively and critically about the way that literature shapes and reflects the global world. The course is designed for students with an interest in literature and a desire to pursue specialised study of English.

Students should enjoy the challenge of responding to complex and sophisticated texts. All our students who study at this level find it aids their performance in the Advanced Course. Importantly, students who study HSC Extension 1, are also able to choose HSC Extension 2.

Preliminary English Extension Course:

Across Stage 6 the selection of texts should give students experience of the following as appropriate: Texts which are widely regarded as quality literature, including a range of literary texts written about intercultural experiences and the peoples and cultures of Asia, Aboriginal and/ or Torres Strait Islander authors. A range of types of text drawn from prose fiction, drama, poetry, nonfiction, film, media, multimedia and digital texts through integrated modes of reading, writing, listening, speaking, viewing and representing as appropriate.

HSC English Extension Course:

Common module: Literary Worlds with one elective option. The study of at least three texts must be selected from a prescribed text list for the module study including at least two extended print texts. Students are required to study at least two related texts. The study of at least three texts must be selected from a prescribed text list for the module study including at least two extended print texts.

Extension 2 (HSC)

The English Extension 2 course enables students who are accomplished in their use of English with the opportunity to craft language and refine their personal voice in critical and creative ways. They can master skills in the composition process to create a substantial and original Major Work that extends their knowledge, understanding and skills developed throughout Stage 6 English courses. Students must complete a Major Work and Reflection Statement and document coursework in a Major Work Journal. The selection of texts will depend on the Major Work form and will be appropriate to the purpose, audience and context of the composition.

Career Information and Options:

Advertising Specialist, Archivist, Copywriter, Desktop Publisher, Editor, Editor, Journalist, Librarian, Library Technician, Publisher, Teacher, TAFE Lecturer, University Lecturer, Writer.

English Standard 2 units for both the Preliminary and HSC year. Faculty English Work Placement No ATAR Yes Hours 240 Fees Nil Exclusions Nil

COURSE DESCRIPTION:

The English Standard course is designed for students to increase their expertise in English to enhance their personal, educational, social and vocational lives. The English Standard course provides students, who have a diverse range of literacy skills, with the opportunity to analyse, study and enjoy a breadth and variety of English texts to become confident and effective communicators. English Standard offers a rich language experience that is reflected through the integrated modes of reading, writing, speaking, listening, viewing and representing.

Students engage with texts that include widely acknowledged quality literature from the past and contemporary texts from Australia and other cultures. They explore language forms, features and structures of texts in a range of academic, personal, social, historical, cultural and workplace contexts. Students study, analyse, respond to and compose texts to extend experience, access information and assess its reliability. They synthesise the knowledge gained from a range of sources to fulfil a variety of purposes. Responding to and composing texts provide students with the opportunity to appreciate the imaginative and the affective domains and to recognise the ways texts convey, interpret, question and reflect opinions and perspectives.

The course encourages students to analyse, reconsider and refine meaning and reflect on their own processes of writing, responding, composing and learning.

COURSE CONTENT:

In the Preliminary English (Standard) course students are required to:

Study ONE complex multimodal or digital text in Module A. Students are required to study ONE substantial literary print text in Module B, for example prose fiction, drama or a poetry text, which may constitute a selection of poems from the work of one poet. Students must study a range of types of texts drawn from prose fiction, drama, poetry, nonfiction, film, media and digital texts. The Year 11 course requires students to support the study of texts with their own wide reading.

Across Stage 6 the selection of texts must give students experience of the following:

- texts which are widely regarded as quality literature, including a range of literary texts written about intercultural experiences and the peoples and cultures of Asia. A range of Australian texts, including texts by Aboriginal and/or Torres Strait Islander authors and those that give insights into diverse experiences.
- integrated modes of reading, writing, listening, speaking, viewing and representing as appropriate.

HSC English (Standard) course requires:

Closely study **three types of prescribed texts**, one drawn from each of the following categories: prose fiction, poetry **OR** drama, film **OR** media **OR** nonfiction.

Across Stage 6 the selection of texts must give students experience of the following:

- a range of types of texts inclusive of prose fiction, drama, poetry, nonfiction, film, media and digital texts.
- texts which are widely regarded as quality literature, including a range of literary texts written about intercultural experiences and the peoples and cultures of Asia. A range of Australian texts, including texts by Aboriginal and/or Torres Strait Islander authors and those that give insights into diverse experiences of Aboriginal and/or Torres Strait Islander peoples
- texts with a wide range of cultural, social and gender perspectives.
- integrated modes of reading, writing, listening, speaking, viewing and representing as appropriate

Career Opportunities:

All careers require English.

English Studies					
2 units for both the Preliminary and	Faculty	English	Work Placement	No	
HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions	Nil	

The English Studies course is designed to provide students with opportunities to become competent, confident and engaged communicators and to study and enjoy a breadth and variety of texts in English. English Studies focuses on supporting students to refine their skills and knowledge in English and consolidate their English literacy skills to enhance their personal, educational, social and vocational lives.

The course is distinctive in its focus on the development of students' language, literacy and literary skills. It centres on empowering students to comprehend, interpret and evaluate the ideas, values, language forms, features and structures of texts from a range of everyday, social, cultural, academic, community and workplace contexts. It offers comprehensive and contemporary language experiences in the modes of reading, writing, speaking, listening, viewing and representing. Students refine these expressive language skills, responding to and composing a wide variety of oral, written and multimodal texts, including literary, digital and media texts.

COURSE CONTENT:

In the Preliminary English Studies course students are required to:

- read, view, listen to and compose a wide range of texts including print and multimodal texts.
- study at least one substantial print text (for example a novel, biography or drama).
- study at least one substantial multimodal text (for example film or a television series).
- students study the mandatory module, Achieving through English: English in education, work and community.
- students complete the mandatory module, Achieving Through English, as the first unit of work
- students complete an additional 2–4 modules from the elective modules provided (1 may be school-designed), considering factors such as students' needs, interests, abilities, choices of other Year 11 and Year 12 courses, career aspirations and personal circumstances.

HSC English Studies course requires:

- read, view, listen to and compose a wide range of texts including print and multimodal texts.
- study at least one substantial print text (for example a novel, biography or drama).
- study at least one substantial multimodal text (for example film or a television series).

In Year 12 students will also be required to:

study ONE text from the prescribed text list and one related text for the Common Module –
 Texts and Human Experiences.

Career Opportunities

All careers require English.

Exploring Early Childhood (NON ATAR) 2 units for both the Preliminary and HSC year. Faculty TAS Work Placement No ATAR No Hours 240 Fees \$40 Exclusions Nil

COURSE DESCRIPTION:

Our society acknowledges childhood as a unique and intense period of growth, development and learning. This course aims to provide students with knowledge about childhood development so that they will be able to support and encourage development when interacting with children.

Core Units of Study:

- · Pregnancy and Childbirth
- Child Growth and Development
- · Promoting Positive Behaviour

Optional Modules

May be selected from the following depending on student interest and needs:

- · Children and Change
- Child Health and Safety
- Food and Nutrition
- · Children's Literature
- Starting school
- Young Children with Special Needs
- Play and the Developing Child

Students who complete this course are eligible to apply for the **Red Cross Advanced Child Care Certificate.**

Opportunity will be given to students to interact with young children through visits to the local preschool and primary school. The purpose of this interaction is to observe children in different settings and to gain experience in understanding and relating to their individual needs. Students will also be required to take home for a weekend the 'Real Care Baby' (infant simulator) and care for it. The study of Exploring Early Childhood will support students in developing a commitment to and capacity for lifelong learning in this area. This may lead to further post-school study at University, TAFE or vocational training in the context of the workplace. Learning may also continue through ongoing life experiences as an area of personal interest.

Career Opportunities:

Early childhood teaching, primary school teaching, nursing, midwifery, parenting skills and welfare courses.

Geography					
2 units for both the Drelinsings, and	Faculty	HSIE	Work Placement	No	
2 units for both the Preliminary and HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions	Nil	

Geography is about the world around us. By that we mean the physical environment and climate and then how people have changed their environment to grow food and build cities.

Senior Geography studies at greater depth than Year 7 - 10 the physical processes which have and continue to shape the planet and the ecosystems which have evolved as a result. In contrast the course examines how human activity has changed the environment and led to the growth of mega cities.

In Geography, students have the opportunity to learn about:

- The effect that mass consumer culture is having on the world's landscapes and people.
- The causes/nature of political tensions and conflict around the world.
- Developing Countries.
- Ecosystems at risk such as coastal dunes, wetlands, coral reefs, arid areas, alpine areas, rainforests and temperature forests.
- World Cities and Mega Cities.

Fieldwork (10% of course)

Excursions to learn about the 'real' world is an essential part of Geography. At least two days each year must be spent learning in the field.

Senior Geography Project (SGP)

As part of the Preliminary Course, students select and research a geographical issue which they are interested in. Their investigation involves:

- Identifying an issue for investigation.
- Organising a plan for investigation.
- Gathering the relevant primary or secondary information.
- Reporting the findings through a variety of formats from a written report to an audio-visual display.

\sim	4.				
(\cdot)	ntiniiad	_n	navt	page	
COL	ııııucu	. OH	TIENT	Daue	

Geography (continued)

Preliminary Course

Biophysical Interactions – 45% of course time Global Challenges – 45% of course time Senior Geography Project – 10% of course time

HSC Course

Ecosystems at risk – 33% of course time

Urban Places – 33% of course time

People and Economic Activity – 33% of course time.

Key concepts incorporated across all topics: change, environment, sustainability, spatial and ecological dimensions, interaction, technology, management and cultural integration.

PARTICULAR COURSE REQUIREMENTS:

Students complete a Senior Geography Project (SGP) in the Preliminary Course and must undertake 10 hours of fieldwork in both the Preliminary and HSC courses. Students will be required to submit both oral and written geographic reports.

Career Opportunities

Students undertaking Geography will gain skills which are useful for careers in fields such as:

Farm-hand, Travel Consultant, Journalist, Park Ranger, Forestry Worker, Hydrographer, Cartographer, Environmental Scientist, Tour guide, Survey draftsperson, Meteorologist, Archaeologist.

Students interested in global issues have more scope in areas such as:

Population geography, Political geography, Cultural integration

Also in Development geography and natural resource areas:

 Consultants, Government officials, Economists, Researchers, Liaison officers, Trade Officers, Planners, Demographers.

History - Ancient					
O with family the Dualinain and	Faculty	HSIE	Work Placement	No	
2 units for both the Preliminary and HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions	Nil	

Students of Ancient History learn about civilizations, events and people of the ancient world. This is done through research and investigation involving evidence and artifacts in order to recreate and understand the past.

Typically, students study how ancient societies were organised and governed, This involves learning about kings, laws, the military, trade, the economy, religion and beliefs. They will examine important events which led to changes over time. This includes wars and battles, assassinations, inventions of new technology and trade. Students also learn about the impact of individuals and how certain people have influenced the times in which they lived.

Students have found Ancient History to be a fascinating subject. There is great enjoyment in hearing the stories and mysteries of the past. They find satisfaction in recreating the past through research and analysis, drawing and mapping, debate and argument. Activities including museum tours, mummifying fruit, handling and reconstructing artifacts are popular.

Topics of Study may include:

- **Ancient Egypt** the pyramids, gods and religion, military campaigns, Tutankhamun.
- **Ancient Greece** the Spartan military machine, famous battles, Spartan Society, Democracy in Athens, The Persian Wars.
- **The Persian Empire** expansion of the Empire, organisation of the Empire, the massive Persian army, role of various Kings including Darius and Xerxes.
- **Ancient Rome** Emperors, the army, famous battles, organisation of the empire, the destruction of Pompeii.
- **Archaeology** Methods, techniques, artifacts, archaeological excavations, the role of science, carbon dating, preserved human remains, the Iceman.
- Ancient History is a challenging subject which rewards hard work and higher order thinking.

COURSE STRUCTURE:

Preliminary Course

Part 1: Investigating Ancient History

a) The Nature of Ancient History:

The Investigation of Ancient Sites and Sources

The Treatment and Display of Human Remains

b) Case Studies:

Investigating the problems and issues of the ancient world

Areas of study may include: the Pyramids of Egypt; the Colosseum; Terracotta Warriors of Xian; Ice Man; bog bodies

Part 2: Features of Ancient Societies

A source based study designed to develop an understanding of the nature of ancient societies including areas such as women, slavery, warfare, death and funerary customs.

Societies studied may include: Egypt, Rome, Greece, China

Ancient History continued on next page ...

History - Ancient (continued)

Part 3: Historical Investigation

Designed to develop skills in research, source analysis and communication. A study of an individual, event, ancient society or historical debate.

Areas of study may include:

- Tutankhamun's Tomb
- Persepolis
- · The City of Rome
- Boudicca
- Caesar

HSC Course

Core Study: Cities of Vesuvius - Pompeii and Herculaneum - 25%

Students investigate the range and nature of archaeological and written sources available for the study of the cities of Pompeii and Herculaneum through an exploration of issues relating to reconstruction, ownership and custodianship of the past.

Ancient Societies – 25%

The investigation of key features of ONE ancient society through a range of archaeological and written sources and relevant historiographical issues.

Topics may include: Persia, Sparta, New Kingdom Egypt

Personalities and their Times – 25%

Students gain an understanding of the personality in the context of their time. Topics may include Xerxes, Alexander the Great, Cleopatra

Historical Periods – 25%

Through an investigation of the archaeological and written sources of ONE historical period, students learn about significant developments and issues that shaped the historical period as well as relevant historiographical issues.

Topics may include: Fall of the Roman Republic, Greek World, Imperial China, Persia

The Ancient History course requires study from at least TWO of the following areas:

- Egypt
- Near East
- China
- Greece
- Rome.

History - Modern					
	Faculty	HSIE	Work Placement	No	
2 units for both the Preliminary and HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions	Nil	

Modern History involves the study of major social and political events from the late 18th Century to the present, such as war and revolution. These events have shaped the modern world and continue to cause conflict today. Students are challenged and fascinated by significant issues such as civil rights, genocide and terrorism which have changed the course of history.

Modern History is especially relevant to the lives of students today. It is by studying the forces of change in the past that we understand the world we live in today. Students are able to study and understand conflicts as they develop, and have the opportunity to investigate a significant personality or event of their choice.

Modern History equips students with essential knowledge and skills to live and work in the modern world. Students develop the ability to research; critically question events and issues; interpret and analyse evidence. The written and oral communication skills which are developed in Modern History are valuable in any career choice.

COURSE STRUCTURE:

Preliminary Course

Part 1: Investigating Modern History

Part 1 introduces the subject and examines the role of people and events in changing history.

There is also a focus on how sources are important in interpreting history. The topic is divided into two parts:

- a. The Nature of History
- b. Case Studies

Areas of study include: Trench warfare in World War I; Hiroshima; Pearl Harbour; The Berlin Wall; The American Civil War; The Last Tsar; Martin Luther King

Part 2: Historical Investigation

A significant theme, event or individual will be investigated. This may involve the study of film as a source of history. Topics of study include – The Holocaust; JFK; Civil Rights in the USA; the rise of communism in China; The Cuban Revolution

Part 3: The Shaping of the Modern World

Students investigate the forces and ideas that shaped the modern world.

Areas of study include: The French Revolution; The rise of the Industrial Age; World War I.

HSC Course

Part 1: Core Study: Power and Authority in the Modern World 1919 - 1946 - 25%

The collapse of democracy in Germany and the rise of Hitler and the Nazi Party is the central focus.

This topic also includes attempts to achieve peace and security after World War I and World II.

Part 2: National Studies - 25%

The key features, individuals, groups and events that shaped a selected country in the Twentieth Century. Possible topics include: Russia, China, USA, Iran.

Part 3: Peace and Conflict- 25%

A significant conflict and the attempts to achieve peace. Topics may include: Conflict in Europe, Conflict in the Pacific, Conflict in the Gulf 1980 - 2011.

Part 4: Change in the Modern World - 25%

Political and social change in the world since World War II and the role of individuals and groups. Topics may include: Pro-democracy Movement in Burma 1945 - 2010; The Cultural Revolution to Tiananmen Square 1966 - 1989; Apartheid in South Africa 1960 - 1994.

Industrial Technology – Graphics							
	Faculty	TAS	Work	No			
2 units for both the Preliminary and HSC year.		Industrial Arts	Placement	Industry Study			
Trommary and tree year.	ATAR	Yes	Hours	240			
	Fees Year 11 - \$60						
		Year 12 - \$50 plus cost of materials for major work.					

(Students may only choose one (1) Industrial Technology subject however, may also choose Design and Technology).

COURSE DESCRIPTION:

The Preliminary course of 120 indicative hours consists of project work and an industry study that provide a broad range of skills and knowledge related to the Graphics Industry and an introduction to industrial processes and practices.

The HSC course of 120 hours indicative hours consists of the development of a major project and an industry study.

Both the Preliminary and HSC courses are organised around four sections:

- A. Industry study
- B. Design and management
- C. Workplace communication
- D. Industry-specific content and production

Objectives Students will develop:

- Knowledge and understanding of the graphics industries and of manufacturing processes and techniques used by industry
- Competence in designing, managing and communication within a relevant industry context
- Knowledge and skills in producing quality products
- Knowledge and skills in communication and information processing related to graphics industry
- An appreciation of the relationship between technology, the individual, society and the environment.

Main topics covered:

- Engineering and product drawing
- Architectural drawing
- Freehand drawing
- Pictorial drawing
- Principles of planes and coordinates
- Presentation techniques, including rendering in colour and black/white
- Computer generated drawing including CAD (Computer Aided Drafting-AutoCAD 2012 and graphics design using Industry Standard software such as Adobe Illustrator and Photoshop
- Principles / Standards
- Equipment

Major Projects:

The major project that is completed in the HSC year constitutes 60% of the final HSC mark. Examples of such projects have included a golf course, holiday house, motel units, a caravan, a holiday resort, promotional pamphlets/logos/business card, and sports stadium. A scaled model usually forms part of the major project.

Industrial Technology - Timber Products Furniture Faculty TAS Work Place- No Industry Study 2 units for both the Preliminary and HSC year. ATAR Yes Hours 240 Fees Year 11 - \$80 Year 12 - \$50 Plus cost of materials for major work

(Students may only choose one (1) Industrial Technology subject however, may also choose Design and Technology).

COURSE DESCRIPTION:

Industrial Technology Stage 6 consists of project work and an Industry Study that develop a broad range of skills and knowledge related to the industry focus area chosen, and an introduction to industrial processes and practices.

The Focus Area studied at this school will be using timber; Timber Products and Furniture Industries. Students will make two timber projects in preliminary and one major timber project for the HSC.

Main Topics Covered:

Preliminary Course

The following sections are taught in relation to the relevant focus area:

- Industry Study structural, technical, environmental and sociological, personnel,
- Occupational Health and Safety
- Design and Management- designing, drawing, computer applications, project management
- Workplace Communication literacy, calculations, graphics
- Industry Specific Content and Production

HSC Course

The following sections are taught in relation to the relevant focus area through the development of a Major Project* and a study of the relevant industry:

- Industry Study
- Design and Management
- Workplace Communication
- Industry Specific Content and Production

* Major project equals 60% of HSC mark.

Particular Course Requirements:

In the Preliminary course, students must design, develop and construct a number of projects (at least one group project). Each project must include a management folio. Students also undertake the study of an individual business within the industry. In the HSC course, students must design, develop and construct a major project with a management folio. They also undertake a study of the overall industry related to the specific focus area.

Legal Studies					
2 units for both the Preliminary and	Faculty	HSIE	Work Placement	No	
2 units for both the Preliminary and HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions	Nil	

Legal Studies develops an understanding of what laws are and why society needs them in order to operate. Students examine different societies and see how their legal systems differ from ours.

In Year 11 students examine the legal system that Australia has inherited from Britain called the *Common Law* and learn about our court system. This includes a study of the parliament and democratic system of government. Students also learn about rights and responsibilities and how to resolve disputes. At least two current media issues will be examined in the context of the law.

In Year 12 students conduct an in depth examination of **Crime** and the criminal justice system including the roles of the police, courts and the prison system. Students will visit the courts and follow the development of a trial that is making headlines at the time.

The HSC course includes a study of **Human Rights** and the role of the United nations in promoting and protecting the rights of people across the world. Australia plays an important role in places such as Afghanistan and in other peace keeping missions.

The **Consumer Law** topic looks at the development of consumer rights from the time when people had to watch out for themselves, through the mass production methods of the last century, and to the hi-tech problems consumers experience today. In this topic, you will learn how to protect your rights as a consumer.

We are all members of families and the **Family Law** topic investigates marriage, the rights of children, inheritance matters and divorce. The topic also looks at the different types of relationships and how the law deals with them. Students learn about the process of making a will and who is likely to gain custody of children after a divorce.

By examining real case studies and visiting the law courts to observe live cases, students will develop an understanding of how the law operates.

COURSE CONTENTS			
Preliminary Course		HSC Course	
 The Legal System The Individual and the Law The Law in Practice 	40% 30% 30%	 Crime Human Rights Consumer Law Family Law	30% 20% 25% 25%

Themes incorporated across topics: Justice, law and society, culture, values and ethics, conflict and co-operation, continuity and change, legal processes and institutions, effectiveness of the law.

Career Opportunities:

This course introduces legal issues for everyone. However, for those thinking of a career in law or policing this would be a good subject to do in Year 11 and 12.

Mathematics Advanced Faculty Maths Work Place-No ment 2 units for both the Preliminary and HSC **ATAR** Yes Hours 240 vear. Nil Nil **Fees Exclusions**

Prerequisites:

The course is constructed on the assumption that students have studied the pathway to **5.3 or 5.2** in Year **10**, and achieved a grade of B7 or higher. Only one class is available in this course next year and students may need to be interviewed by the Head Teacher for academic eligibility into the course.

COURSE DESCRIPTION:

The Mathematics Advanced course is focused on enabling students to appreciate that mathematics is a unique and powerful way of viewing the world to investigate order, relation, pattern, uncertainty and generality. The course provides students with the opportunity to develop ways of thinking in which problems are explored through observation, reflection and reasoning. The Mathematics Advanced course provides a basis for further studies in disciplines in which mathematics and the skills that constitute thinking mathematically have an important role. It is designed for those students whose future pathways may involve mathematics and its applications in a range of disciplines at the tertiary level.

Main Topics Covered:

Preliminary Course

- MA-F1 Working with Functions
- MA-T1 Trigonometry and Measure of Angles
- MA-T2 Trigonometric Functions and Identities
- MA-C1 Introduction to Differentiation
- MA-E1 Logarithms and Exponentials
- MA-S1 Probability and Discrete Probability Distributions

HSC Course

- MA-F2 Graphing Techniques
- MA-T3 Trigonometric Functions and Graphs
- MA-C2 Differential Calculus
- MA-C3 The Second Derivative
- MA-C4 Integral Calculus
- MA-M1 Modelling Financial Situations
- MA-S2 Descriptive Statistics and Bivariate Data Analysis
- MA-S3 Random Variables

External Assessment:

The Mathematics Advanced examination will focus on the course objectives and the Year 12 outcomes. The Year 11 course is assumed knowledge and may be assessed.

Examination specifications for Mathematics Advanced will be available in Term 4, 2017 for consultation.

Internal Assessment:

The **Year 11** formal school-based assessment program is to reflect the following requirements:

- three assessment tasks
- the minimum weighting for an individual task is 20%
- the maximum weighting for an individual task is 40%
- one task must be an assignment or investigation-style with a weighting of 20–30%.

The Year 12 formal school-based assessment program is to reflect the following requirements:

- a maximum of four assessment tasks
- the minimum weighting for an individual task is 10%
- the maximum weighting for an individual task is 40%
- only one task may be a formal written examination with a maximum weighting of 30%
- one task must be an assignment or investigation-style with a weighting of 15–30%.

Mathematics Extension 1					
		Mathematics	Work Placement	No	
1 Unit in each of Preliminary and HSC	ATAR	Yes	Hours	120	
	Fees	Nil	Exclusions	General	

Prerequisites:

Students must be also studying Advanced Mathematics (not Standard Mathematics) The outcomes and content in the Mathematics Extension 1 Stage 6 course are written with the assumption that students studying this course will have engaged with all substrands of Stage 5.1, Stage 5.2 and Stage 5.3, including the optional substrands of Polynomials, Logarithms, Functions and Other Graphs and Circle Geometry.

COURSE DESCRIPTION:

Mathematics Extension 1 is focused on enabling students to develop a thorough understanding of and competence in further aspects of mathematics. The course provides opportunities to develop rigorous mathematical arguments and proofs, and to use mathematical models more extensively. Students of Mathematics Extension 1 will be able to develop an appreciation of the interconnected nature of mathematics, its beauty and its functionality.

Mathematics Extension 1 provides a basis for progression to further study in mathematics or related disciplines in which mathematics has a vital role at a tertiary level. An understanding and exploration of Mathematics Extension 1 is also advantageous for further studies in such areas as science, engineering, finance and economics.

COURSE CONTENT:

Preliminary Course

- ME-F1 Further Work with Functions
- ME-F2 Polynomials
- ME-T1 Inverse Trigonometric Functions
- ME-T2 Further Trigonometric Identities
- ME-C1 Rates of Change
- ME-A1 Working with Combinatorics

HSC Course

- ME-P1 Proof by Mathematical Induction
- ME-V1 Introduction to Vectors
- ME-T3 Trigonometric Equations
- ME-C2 Further Calculus Skills
- ME-C3 Applications of Calculus
- ME-S1 The Binomial Distribution

External Assessment:

The Mathematics Extension 1 examination will focus on the course objectives and the Year 12 outcomes. The Year 11 course is assumed knowledge and may be assessed.

Examination specifications for Mathematics Extension 1 will be available in Term 4, 2017 for consultation.

Internal Assessment:

- The Year 11 formal school-based assessment:
- three assessment tasks
- the minimum weighting for an individual task is 20%
- the maximum weighting for an individual task is 40%
- one task must be an assignment or investigation-style with a weighting of 20–30%.
- The Year 12 formal school-based assessment:
- a maximum of four assessment tasks
- the minimum weighting for an individual task is 10%
- the maximum weighting for an individual task is 40%
- only one task may be a formal written examination with a maximum weighting of 30%
- one task must be an assignment or investigation-style with a weighting of 15– 30%.

Mathematics Standard Preliminary – 2 Units HSC – 2 Units HSC – 2 Units Faculty Maths Work Placement No

<u>HSC</u> – 2 Units Standard1 and Standard 2 are both Board Developed Courses

ATARYesHours240FeesNilExclusionsNo

Prerequisites:

The outcomes and content in the Stage 6 Mathematics Standard syllabus are written with the assumption that students studying this course will have engaged with all sub-strands of Stage 5.1 and with the following sub-strands of Stage 5.2 - Financial mathematics, Linear relationships, Non-linear relationships, Right-angled triangles (Trigonometry), Single variable data analysis and Probability. Consequently, content in the NSW Mathematics K–10 Syllabus up to and including this level is also implicit in this syllabus. In a number of cases where content from Stage 5 is included it is in the context of review for clarity and completeness. Schools have the opportunity to review other areas of Stage 5 content as appropriate to meet the needs of students.

COURSE DESCRIPTION:

The **Mathematics Standard** courses are focused on enabling students to use mathematics effectively, efficiently and critically to make informed decisions in their daily lives. They provide students with the opportunities to develop an understanding of, and competence in, further aspects of mathematics through a large variety of real-world applications for a range of concurrent HSC subjects.

Mathematics Standard 1 is designed to help students improve their numeracy by building their confidence and success in making mathematics meaningful. Numeracy is more than being able to operate with numbers. It requires mathematical knowledge and understanding, mathematical problem-solving skills and literacy skills, as well as positive attitudes. When students become numerate they are able to manage a situation or solve a problem in real contexts, such as everyday life, work or further learning. This course offers students the opportunity to prepare for post-school options of employment or further training.

Mathematics Standard 2 is designed for those students who want to extend their mathematical skills beyond Stage 5 but are not seeking the in-depth knowledge of higher mathematics that the study of calculus would provide. This course offers students the opportunity to prepare for a wide range of educational and employment aspirations, including continuing their studies at a tertiary level.

MAIN TOPICS COVERED:	HSC Course	
Preliminary Course	Standard 1	Standard 2 (more in depth
Algebra Measurement Financial Mathematics Statistical Analysis	Algebra Measurement Financial Mathematics Statistical Analysis Networks	thanStandard 1) Algebra Measurement Financial Mathematics Statistical Analysis Networks

Internal Assessment:

Year 11

- three assessment tasks
- the minimum weighting for an individual task is 20%
- the maximum weighting for an individual task is 40%
- one task must be an assignment or investigation-style with a weighting of 20–30%.
- Year 12
- a maximum of four assessment tasks
- the minimum weighting for an individual task is 10%
- the maximum weighting for an individual task is 40%
- only one task may be a formal written examination with a maximum weighting of 30%
- one task must be an assignment or investigation-style with a weighting of 15–30%.

External Assessment: (Standard 2)

The examination will consist of a written paper worth 100 marks.

The time allowed is 2 h 30 min plus 5 min reading A reference sheet will be provided.

The paper will consist of two sections.

Section I (15 marks) Objective-response Section II (85 marks) Questions may contain parts with 35 to 40 items

Note: Students studying Mathematics Standard 1 may elect to undertake an optional HSC examination

Music					
	Faculty	Music	Work Placement	No	
2 units for both the Preliminary and HSC year.	ATAR	Yes	Hours	240	
•	Fees	\$20	Exclusions	Nil	

In the Preliminary and HSC Courses, students will study the concepts of music through the learning experiences of:

- Performance practical music making
- Composition the organisation of sound and creation of their own music
- Musicology the study of musical styles from a number of perspectives. These include historical, social, and cultural.
- Aural the ability to listen to music and make decisions and judgements about its use in a wide range of musical styles.

There are 21 topics available for study; some of these include:

- An instrument and its repertoire
- Australian Music
- JAZZ
- Music for Radio, Film, Television and Multimedia
- Music of a Culture
- Popular Music
- Theatre Music
- Rock Music
- Technology and its influence on music

Preliminary Course

Students will study THREE topics from the list. One topic will be studied as a class and two topics will be of the student's choice.

HSC Course

Students will study THREE topics from the list of their own choice. The topics must be either **THREE** topics which are different from those studied in the Preliminary course **OR** TWO topics which are different and ONE which is the same and shows greater depth of understanding.

COURSE REQUIREMENTS:

HSC Course - In addition to core studies in performance, composition, musicology and aural, students select three electives from any combination of performance, musicology and composition, These electives must represent each of the three topics studied in the course.

Assessment: HSC course only

External Assessment	Weighting	Internal Assessment	Weighting
Core performance (one Piece)	20	Core performance	10
Aural exam (1 Hour)	30	Core composition	10
Three electives from any combination		Core musicology	10
of:	20	Core aural	25
Performance (one piece)	20		
Composition (one submitted work)	20	Elective 1	15
Musicology (one viva voce)		Elective 2	15
		Elective 3	15
Total	110		100

Career Opportunities:

This course will serve as a pathway toward further training and / or employment in the music industry or in contemporary music fields.

Personal Development, Health, Physical Education

2 units for both the Preliminary and HSC year.		PDHPE	Work Placement	No
	ATAR	Yes	Hours	240
	Fees	Nil	Exclusions	Nil

Course Description:

This course involves students learning about and practising ways of maintaining active healthy lifestyles and improving their health status. It can be beneficial as a general learning experience or more specifically as a valuable introduction to many careers or professions related to health and physical activity.

Students will be involved in learning about the health issues affecting young people and the current national health priorities. They will examine the actions that can be taken to address these areas in order to achieve and maintain better health. A detailed investigation will be undertaken of how the body moves and factors that impact on people's ability to successfully participate in physical activity. Practical learning experiences will be used to support and enhance student learning about why the body moves in particular ways and how to improve performance.

The **Preliminary course** consists of 2 core areas of study. These cores focus on the concept of health, the range of factors and behaviours that influence health and the body in motion. Two options are also required to be studied.

The **HSC** course consists of 2 core areas of study that build on the Preliminary course. These cores focus on the health status of all Australians and factors that affect performance. 2 options must once again be studied.

COURSE CONTENT Preliminary course		COURSE CONTENT HSC course
Core 1 • Better Health for Individuals	30%	Core 1 • Health Priorities in Australia 30%
Core 2 • The Body in Motion PLUS	30%	Core 2 • Factors Affecting Performance 30% PLUS
Two of the following options	20% each	Two of the following options 20% each
 First Aid Outdoor recreation Fitness Choices Composition and performance 		 Sports Medicine Improving Performance The Health of Young People Sport and Physical Activity in Australian Society Equity and Health

Career Opportunities:

Sports Science, PDHPE teaching, Nursing, Coaching, Fitness Instructing, Exercise Physiology, Physiotherapy, Health Promotion, Recreation Officer, Personal Trainer

Physics					
2 units for both the Preliminary and	Faculty	Science	Work Placement	No	
HSC year.	ATAR	Yes	Hours	240	
	Fees	Nil	Exclusions		

The study of Physics in Stage 6 aims to enable students to develop an appreciation and understanding of the application of the principles of physics, and of the theories, laws. Models, systems and structures of physics. It also enables students to apply Working Scientifically skills processes to examine physics models and practices and their applications.

Year 11 has 4 modules

- Kinematics
- Dynamics
- Waves and Thermodynamics
- Electricity and Magnetism

HSC has 4 modules

- Advanced Mechanics
- Electromagnetism
- The Nature of Light
- From the Universe to the Atom

COURSE REQUIREMENTS:

Both Year 11 and Year 12 follow the same assessment pattern of just 3 tasks.

A Yearly Exam worth 30%

A practical task adds another 30% and a Depth Study the remaining 40%

Career Opportunities:

Civil Engineer, Aeronautical Engineer, Pilot, Radiographer, Sound Engineer, Astronomer, Mechanical Engineer, Electrician, Electrical Engineer, Physiotherapist, Optometrist, Architect, Draftsman, Building.

Society And Culture 2 units for both the Preliminary and HSC year. Faculty HSIE Work Placement No ATAR Yes Hours 240 Fees Nil Exclusions Nil

COURSE DESCRIPTION:

Society and Culture is the study of human behaviour. Students develop an understanding about how we operate as individuals or in groups, both in Australia and in other cultures. We look at the advent of globalisation and the impact it has had on traditional society over time.

Students will gain an understanding of how and why we behave in certain ways. They learn about their own cultural identity, other cultures and how to improve communication between cultures. The Society and Culture course is based on concepts. Learning to use the concepts will enable you to examine and analyse the different aspects of our lives.

Students will study the impact of the media, corporations and new technologies in shaping our thoughts for the future. At the completion of this course students will develop a clearer perception into their own identity, why they are prone to certain behaviours and what the broader community expects of them as mature citizens.

Some of the issues that are discussed in the course include:

Peer Group pressure - Personal and social identity

- Stereotypes - Teen film

- Popular Culture - Discrimination / equality

AdolescenceBelief SystemsWesternisationGlobalisation

Students will also complete a **Personal Interest Project** (PIP) on a topic they are passionate about which can prepare them for future study. Here, students can research a variety of topics of personal interest. Some past examples include; 'Body Image and Identity', 'Racism in Sport' and 'The Impact of violence in Society'. The **PIP** is externally marked by HSC markers and is excellent preparation for students intending to go onto further study. This project will make up **40% of the HSC** exam mark and reduce the HSC exam time to just two hours.

Society And Culture (continued)

COURSE CONTENT:

Preliminary Course (120 indicative hours)

The Social and Cultural World (20% of course time)
Personal and Social identity (40% of course time)
Intercultural Communication (40% of course time)

HSC Course (120 indicative hours)

Core

- Personal Interest Project (PIP) Externally marked and worth 40% of your HSC mark (30% of course time)
- Social and Cultural Continuity and Change (30% of course time)

Depth Studies (40% of course time)

TWO to be chosen from the following:

- Popular Culture
- Belief Systems and Ideologies
- Social Inclusion and Exclusion

- Anthropology

Social Conformity and Nonconformity

Career Opportunities:

Society and Culture prepares students for a variety of future prospects.

If preparation for work, Society and Culture teaches students how to communicate and function in social settings, how to develop relationships and how to understand the workings of society.

For those planning to move on to tertiary study, Society and Culture prepares students for such degrees as:

- Law - Welfare

Early Childhood - Human Geography

- Government / Politics

EducationPsychologyCounselling

CounsellingSociologySocial ScienceHumanities

- Art - Socio-Economics

Sport, Lifestyle and Recreation (NON ATAR) 2 units for both the Preliminary and HSC year. Faculty PDHPE Work Placement No ATAR No Hours 240

Nil

COURSE DESCRIPTION:

This course caters for a wide range of students who have an interest in physical activity and various areas of health. Students will develop their knowledge and understanding of the value of being active, participate in planning to support their ongoing involvement in physical activity and further enhance their movement skills in various sporting and recreational activities.

The Sport, Lifestyle and Recreation course has a high practical focus. Students will participate in modules of work that focus on sport and physical activity. They will also participate in learning activities that require them to apply theoretical concepts to practical situations.

This course can assist students to develop:

- high levels of performance skills in particular sports or physical activities
- the capacity to take on administrative roles in community sport and recreation

Fees

• the skills needed to be a coach, trainer, first aid officer, referee or fitness leader the skills needed to think critically about physical activity and sporting issues

COURSE CONTENT

The Sport, Lifestyle and Recreation course comprises 15 optional modules of study. Students will study selected modules throughout the course. The modules include:

- Aquatics
- Athletics
- Dance
- Fitness
- Games and sports applications
- Gymnastics

Healthy lifestyles

Individual games and sports applications

Exclusions

Nil

- Outdoor recreation
- Resistance training
- Social perspectives of games and sport
- Sports administration
- Sports coaching and training

Career Opportunities:

Personal trainer, PDHPE teacher, Recreation officer, Coach, Fitness instructor, Sports administrator

Visual Arts					
2 units for both the Preliminary and HSC year.	Faculty	Art	Work Placement	No	
	ATAR	Yes	Hours	240	
	Fees	\$60 Year 11 \$80 Year 12	Exclusions	Nil	

COURSE DESCRIPTION:

The Visual Arts course is designed for students who have always enjoyed making artworks.

COURSE CONTENT:

Art Making (50%)

In Year 11, students continue to develop their skills in drawing, painting, and ceramics. These projects involve the use of computer generated imagery, direct observation and a wide range of techniques and materials.

In Year 12, the student creates a **Body of Work** in their choice of media and subject matter.

Excursions:

Students visit the Art Gallery of NSW and the Museum of Contemporary Art to discover the range of artworks created in the past and present. **Art Express**, an exhibition of the previous year's HSC highest scoring Bodies of Work is viewed to assist with the development of each Year 12 student's **Body of Work** for the HSC.

Art History and Art Criticism (50%)

The study of art supports the students' art making processes taking place in the classroom. Artists and their artworks are investigated to learn how to approach art making ideas and techniques. This aims to strengthen the student's practice and results in stronger artworks. We learn how to write about artworks-**who** made it, **why** did they do it, **where** and **when** did it come from and **how** was it created.

The Visual Arts Process Diary maintains a documentation of the artmaking process including every aspect of choice and decision making, source of images, artists' influences, experimentation with media and final resolution. The VAPD is an ongoing assessment task.

Preliminary Course

The program looks at these topics for studying and art making:

- *The human figure as a Form of Expression
- * Post Modern Sculpture, and Identity.

HSC Course

Students investigate at least 5 case studies on issues of gender, humanity, feminism, and Post Modern trends focusing on the natural environment and the use of technology and new materials.

Students complete a **research assignment** to support studying artworks class work. The art making component involves the development and completion of a **Body of Work** in one of the following forms: painting, drawing, ceramics, sculpture, or collection of works.

Career Opportunities:

Visual Arts Education, Graphic Design, Artist, Fashion Designer, Digital Photographer, Magazine Editor, Marketing, Gallery Curator, Journalism, Art Critic, Art Historian, Interior Design, Communications, Architecture, Advertising

Work Studies (NON ATAR)					
2 units for both the Preliminary and HSC year.	Faculty	Careers			
	ATAR	No	Hours	240	
	Fees	\$30			

RATIONALE

The successful transition of students from school to the workforce, further education and training is a major issue faced by Australian students, schools, employers and tertiary education organisations. The *Work Studies* syllabus is designed to assist students in their transition from school to work. It develops knowledge and understanding of the issues faced by students in the transition to work and the skills needed for effective career planning and performance of tasks in the work environment.

The nature of work is constantly changing, reflecting related changes in society, technology and the economy, as well as through globalisation. The world of work and how individuals en- gage in work is being transformed. Students will need to be flexible and responsive to change along their career pathway. Opportunities for workers to change jobs, develop new skills and obtain new experiences will be part of the future world of work.

AIM

The aim of the *Work Studies* syllabus is to enable young people to develop the skills, knowledge, understanding and confidence to allow them to experience a successful transition from school to work and further education and training.

The Work Studies course will assist students to:

- recognise the links between education, training, work and lifestyle, and to recognise the economic and social factors that affect work opportunities
- develop an understanding of the changing nature of work and the implications for individuals and society
- undertake work placement to allow for the development of specific job-related skills
- acquire general work-related knowledge, skills and attitudes, transferable across different occupations
- develop their skills in accessing work-related information, presenting themselves to potential employers, and functioning effectively in the workplace.

Work Studies (continued)

MODULES (15–30 indicative hours each)

- 1. In the Workplace
- 2. Preparing Job Applications
- 3. Workplace Communication
- 4. Teamwork and Enterprise Skills
- 5. Managing Work and Life Commitments
- 6. Personal Finance
- 7. * Workplace Issues (the prerequisite module is *In the Workplace*)
- 8. * Self-Employment (the prerequisite module is *Managing Work and Life Commitments*)
- 9. * Team Enterprise Project (the prerequisite module is *Teamwork and Enterprise Skills*)
- 10. Experiencing Work (one or two of these modules may be undertaken provided that they do not exceed 50 percent of course time)
- 11. School-Developed Module (one or two of these modules may be undertaken, provided that they do not exceed 25 percent of course time).

The Work Studies course will assist students:

- Recognise the links between education, training, work and lifestyle and to recognise the economic and social factors that affect work opportunities
- Develop an understanding of the challenging nature of work and the implications for individuals and society
- Undertake work placement to allow for the development of specific job-related skills
- Acquire general work-related knowledge, skills and attitudes, transferable across different occupations
- Develop their skills in accessing work-related information, presenting themselves to potential employers and functioning effectively in the workplace.

Vocational Education and Training RTO COURSE DESCRIPTIONS 2018

VET COURSES

Industry Curriculum Frameworks (240 HSC Indicative Hours)

VET (Vocational Education and Training) courses are "dual accredited".

This means that they are really TAFE courses taught at school and students can use them to get an HSC as well as get a TAFE certificate.

In order to get the TAFE certificate students will have to satisfactorily achieve all the required competencies and complete a minimum number of hours working in an accredited workplace.

The school is accredited to deliver these courses under South Western Sydney Region, Department of Education and Training which is the Registered Training Organisation.

The following pages outline the courses but may be difficult to understand.

See Ms. Harvey to find out more about Hospitality.

1. Hospitality

- a. Kitchen Operations and Cookery
- b. Food and Beverage

Public Schools NSW, Ultimo Registered Training Organisation 90072 VOCATIONAL EDUCATION and TRAINING 2019 BUSINESS SERVICES COURSE DESCRIPTION

This may change due to Training Package and NSW Education Standards Authority (NESA) updates.

Notification of variations will be made in due time.

Course: Business Services Board Developed Course 2 or 4 Preliminary and/or HSC units in total Category B for Australian Tertiary Admission Rank (ATAR)

This course is accredited for the HSC and provides students with the opportunity to obtain nationally recognised vocational training. This is known as dual accreditation.

BSB20115 Certificate II in Business

Units of Competency

Core

BSBWHS201 Contribute to health and safety of self and oth-

ers

Electives
BSBCUS201 Deliver a service to customers

BSBIND201 Work effectively in a business environment BSBINM201 Process and maintain workplace information

BSBINM202 Handle mail

BSBINN201 Contribute to workplace innovation BSBCMM201 Communicate in the workplace

BSBITU201 Produce simple word processed documents

BSBITU202 Create and use spread sheets BSBITU203 Communicate electronically

BSBSUS201 Participate in environmentally sustainable work

practices

BSBWOR204 Use business technology

Additional units required to attain a HSC credential in this course

TLIP2029 Prepare and process financial documents BSBITU307 Develop keyboarding speed and accuracy

Students may apply for Recognition of Prior Learning and /or Credit Transfer provided suitable evidence is submitted.

Recommended Entry Requirements

Students selecting this course should be interested in working in a business environment. They should be able to use a personal computer. There will be out of class homework, research activities and assignments.

Examples of occupations in the business services industry:

• administration assistant

office junior

information desk operator

clerical worker

receptionist

data entry operator

Mandatory HSC Course Requirements

Students must complete 240 indicative hours of course work and a minimum of 70 hours work placement. Students who do not meet these requirements will be 'N' determined as required by the NESA.

External Assessment (optional HSC examination for ATAR purposes)

The Higher School Certificate examination for Business Services is only available after completion of 240 indicative hours and will involve a written examination consisting of multiple-choice, short answers and extended response items. The examination is independent of the competency-based assessment undertaken during the course and has no impact on the eligibility of a student to receive a vocational qualification.

Competency-Based Assessment

Students in this course work to develop the competencies, skills and knowledge described by each unit of competency listed above. To be assessed as competent a student must demonstrate to a qualified assessor the competency requirements for performance and knowledge of the units/s of competency.

Appeals and Complaints

Students may lodge a complaint or an appeal about a decision (including assessment decisions) through the VET teacher.

Course Costs: Resources \$

Consumables \$

CHECKLIST FOR HSC REQUIREMENTS

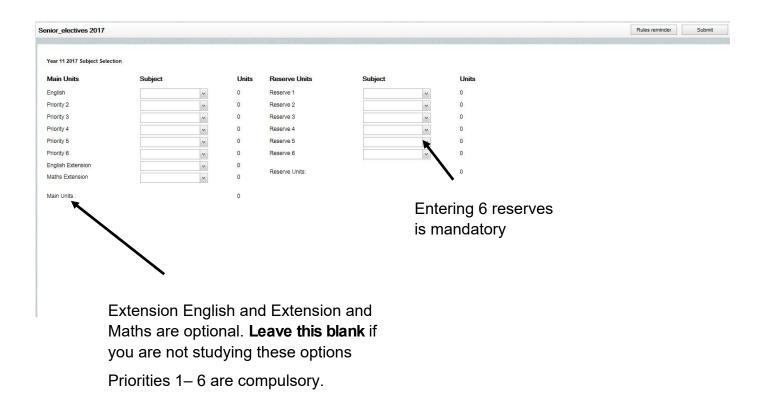

For the Preliminary Year, 12 units must be studied. For the HSC year, 10 units must be studied to fulfill the following requirements for the HSC and ATAR:

HSC REQUIREMENT		
12 units in Year 11		
English		
At least 4 subjects		
ATAR REQUIREMENTS		
HSC requirement (above) plus		
English (Advanced or Standard)		
Maximum of one VET course		
No CEC courses in Year 12`	П	

Online Subject Selection

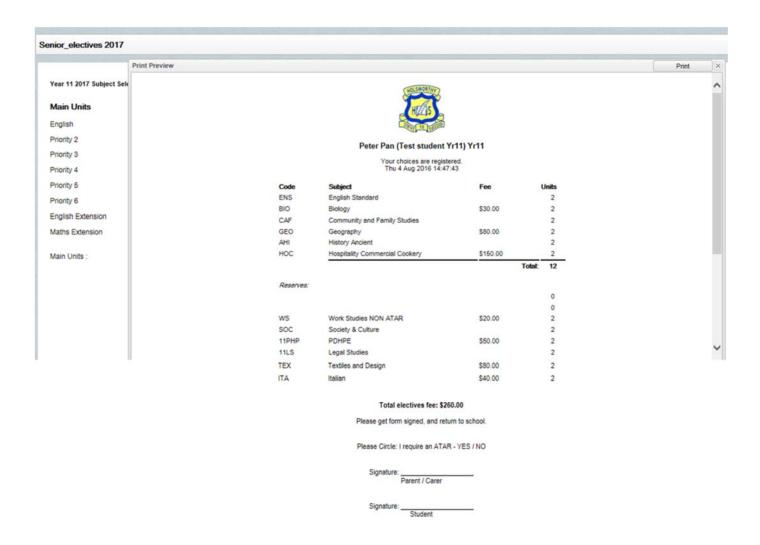

To register your subject preferences, you need to **follow these steps**.

- 1. Check your DET email account. https://student.det.nsw.edu.au/
- 2. Find the email containing your 'web code'
- 3. Copy the 'web code' from email and visit http://spring.edval.education
- 4. Paste your 'web code' into the space provided and press enter.
- 5. Enter your primary choices in the boxes on the left. Most students will choose 6 subjects. If you would like to study Extension Mathematics or Extension English, be sure to have discussed this with your teacher prior. Select Extension subjects where appropriate. Otherwise, leave blank.

6. Be sure to submit and print your selections. You are required to hand in your signed, printed selections.

Online Subject Selection Continued

7. Be sure to submit and print your selections. You are required to hand in your signed, printed selections. These need to be handed in no later than Friday 24th August.
